

- Activated carbon whole house filters do a great job of reducing and removing many of the impurities found in our tap water. But now you can do more to Protect your home. Thanks to the **ProSeries Ultra Filter**, you can take whole house filtration to a whole new level.
- Many times health providers will recommend extreme water filtration for specific health conditions. In other cases, individuals may simply desire to have the best possible water throughout their entire home. The **ProSeries Ultra Filter** can provide amazing water with little to no regular maintenance, all at a reasonable price.
- This hi-tech system is easily installed alongside your whole house carbon filter to provide optimal water quality throughout your home. The Ultra Filter further reduces particulates down to .015 microns. With the size of cysts and viruses being approximately .5 microns, this filter is ultra effective and efficient.
- In addition, The **ProSeries Ultra Filter** is a green product, requiring minimal electricity. And since no chemicals are used in the filtration process, the backflush water can be used for irrigation.

The Ultimate Option For Optimal Water Quality

ProSystems®

BENEFITS

Flow Rates: up to 15 gallons per minute assures you of constant ultimate quality water.

Self Cleaning: The Ultra Filter has a flush tank for backwash, the system's mechanical Ultra Filter is self cleaning.

Filter Facts: Filtering down to .015 micron, assuring consistent high quality water.

Long Lasting: The Ultra Filter cartridge will run for 750,000 gallons on chlorinated water supplies before requiring replacement. Also, the cartridge can be replaced by your service provider.

ECO-FRIENDLY FACTORS

- **Smallest footprint of any Ultra Filtration system**
- **No more bottled water waste**
- **Uses 1/10 the energy required for a water cooler**

MULTI-BORE FILTER

The multi-bore ultra filter reduces 99.99% of solids-particles as small as .015 microns. This substantially reduces the micro-biological contaminants, providing healthy drinking water throughout the house.*

Cartridge Tested and Certified by NSF International against NSF/ANSI 42 and 53 for the reduction of:

Standard No 42: Aesthetic Effects
Nominal Particulate Reduction Class 1
Standard No 53: Health Effects
Cyst Reduction*
Turbidity Reduction

***CALIFORNIA RESIDENTS:** Water treatment devices sold to retail consumers in California accompanied by certain health claims must be certified by the California Department of Public Health. The ProSeries Ultra Filter Systems are not certified by the State of California for the purpose of making health claims.

Benefits will be provided by various types of ProSeries equipment when installed and operated according to manufacturer's recommendations. Operational, maintenance and replacement requirements are essential for the product to perform as advertised. All claims based on best available information at time of printing. Manufacturer makes no representations as to the suitability of this equipment for a particular application. Buyer relies entirely on dealer's recommendations in the purchase of this equipment. Independent dealers may include, together with your ProSeries product, a product or component that is not manufactured by Aquion, Inc. Any non-ProSeries product may be covered by the manufacturer of that product, and is not covered by the ProSeries warranty. Aquion, Inc. does not warrant that your ProSeries product and the non-ProSeries product will perform properly when used together, and assumes no liability therefore.
